SCHERMERHORN SYMPHONY CENTER

Home of the Nashville Symphony Orchestra, the design was inspired by some of the world's great concert halls, many of which were built in Europe in the late 19th century. The building's main venue, the 1,844-seat Laura Turner Concert Hall, is one of the few halls nationwide to feature natural interior light through 30 special soundproof windows.

- Founded in 1925, it is the longest running radio broadcast in history.
- Dedicated to honoring country music and its history, the Opry showcases a mix of famous singers and contemporary chart-toppers performing country, bluegrass, Americana, folk, and gospel music as well as comedic performances and skits
- Willie's Roadhouse on XM 59 plays the Opry on Saturday nights!
